

Candidate Statements for June 2025 Parent Governor Elections

<p><u>George Budden</u></p> <p>I am the father of three children, of whom the youngest, Anjelica, is at CSG in year 9. My wife and I live very near the school.</p> <p>I am a Partner at Deloitte, and work to help companies merge – including Universities and Housing Associations, for example. Outside work, I am very closely associated with my University, and am also a Senior Assistant to the Court of the Worshipful Company of Spectaclemakers, active in the field of eye health and its improvement; in sponsoring trainees; and awarding prizes for advancement of science.</p> <p>My interest with the school relates both to the academic side, where I would like to be able to contribute in Mathematics and Sciences, and in the development of character. My belief is that the role of a school is to provide sufficient stimulation and opportunities that every child has experiences that they enjoy and feel they excel at.</p>	<p><u>Nimmy Mathews</u></p> <p>I would like to apply to become a parent governor at Camden School for Girls. As a South Indian woman with over 15 years of experience in technology and sales, including the past 10 years in leadership roles at Amazon UK, I bring a unique perspective, strategic insight, and a strong commitment to equity in education and the workplace.</p> <p>I currently serve as the Executive Sponsor for Amazon UK's Pregnancy Leave and Return-to-Work programme, where I focus on improving inclusion and the retention of women in tech. Increasing female representation in STEM is a mission close to my heart, and I'm passionate about inspiring more girls to pursue science and technology careers.</p> <p>I strongly align with Camden's values of academic excellence, inclusion, and empowering young women to lead. As Sheryl Sandberg said: "In the future, there will be no female leaders. There will just be leaders." I would be honoured to help Camden raise those future leaders.</p>
<p><u>Muhammad Abu Naser</u></p> <p>I am a secondary school teacher with over 18 years of teaching experience. I have many years of experience in representing the local communities. Currently I am a co-opted governor at a federation primary school. I will be the voice of parents and the local communities and will thrive to serve them well and ensure their needs and concerns are heard and actioned accordingly as they are the key stakeholders of the school.</p> <p>I want to make a difference at CSG by ensuring the school is performing it's best and providing outstanding education to our children. I have always been passionate about teaching and helping youngsters to shape their lives academically as-well-as socially and really wish to continue in this path for many years to come. I also enjoy working with diverse communities and I want all of us to work towards building a better progressive society.</p>	<p><u>Giulia Pesaro</u></p> <p>As a parent of a student at Camden School for Girls — and with two other children attending schools elsewhere in London — I have a strong interest in education and a broad perspective as a parent on different school environments and approaches. I am applying to become a parent governor to contribute meaningfully to the school's continued success and strategic development.</p> <p>I bring over 20 years of senior leadership experience in global organisations such as Dr. Martens, Timberland and Burberry, specialising in brand, marketing, and organisational strategy. I currently work as a consultant, supporting purpose-driven businesses in defining long-term vision, aligning stakeholders, and managing resources effectively — experience that aligns closely with the responsibilities of school governance.</p> <p>I am committed to Camden's culture of academic excellence, creativity and inclusion, and would be honoured to support the leadership team and wider school community in ensuring the school continues to thrive.</p>
<p><u>Charlotte Ross</u></p> <p>I would value the chance to bring my experience as a newspaper editor and communications consultant to CSG. I've managed large teams and budgets, delivered public campaigns and built partnerships with a wide range of London institutions. I'm strategic, creative, collaborative and solution-seeking. I am state educated and care deeply about mental and physical wellbeing and improving provision for neurodivergent children. I'm also interested in how schools can support families in building a better screen/life balance.</p> <p>I'm a strong believer in the power of education to drive equity for women and girls. It would be a privilege to contribute to the continued success of CSG, and to help amplify its status as a beacon of educational excellence.</p>
