Recommended resources	https://sparxmaths.com/ Homework and Independent Learning - try Target and XP Boost https://parallel.org.uk/ Challenge/Extension tasks https://corbettmaths.com/ Exam Practice 5-a-day - try Numeracy or Foundation	
How can we help at home?	<p>Regular quizzing on their timetables</p> <p>Check their homework diary for maths homework and ensure that it is completed. If they are stuck, make sure they seek help in advance of deadline.</p> <p>Encourage an interest in mathematics by talking positively about it and engaging with it. You could watch a film or TV show about maths, go to the science museum or listen to a maths podcast. The youtube channel Numberphile has lots of fun maths-related videos.</p>
